Behavioral Health Consortium

CountyCare is proud to offer its members streamlined access to behavioral health care services throughout Cook County.

The Behavioral Health Consortium (BHC) is a group of providers who have a single intake with live representatives who can schedule behavioral health care services at any of the Consortium agencies. Consortium agencies are committed to providing intake appointments within seven days for all requests, two days for urgent needs. Intake staff are bilingual (Spanish) and many of the Consortium's services are available in Spanish as well.

Providers and care coordinators are encouraged to call CountyCare directly to reach any of the 12 Consortium agencies and to refer members. Here's how:
